

Instructions for:

Quick & Easy Skirt

- Read all instructions before beginning project.
- Use 1/2" seam allowances unless otherwise noted.
- Finish all raw edges using either pinking shears, zigzag stitch, or serger.

Materials:

1. Sewing machine & general sewing supplies
2. Iron & ironing Board
3. Ruler
4. Pen
5. 1 Pack of 1/2" elastic
5. Fabric - the amount of fabric you need will depend on how long you want your skirt. See cutting instructions to help you determine the amount of fabric you will need.

Assembly Instructions:

Right Side Wrong Side

1. Turn under 1/2" to wrong side on bottom edge of band. Press, top stitch down.
2. With right sides together, pin bottom band to skirt, stitch. Trim seam to 3/8", press towards bottom band. Top stitch seam down.
3. At top edge of skirt, turn under 3/4" to wrong side, press. Top stitch 1/4" from the edge.
4. Measure the circumference of your waist, cut a piece of elastic this length plus 1/2".
5. Attach a safety pin to one end of elastic and insert through one end of opening at the top edge of skirt. Pull elastic through, gathering the skirt as you go, making sure not to pull elastic all the way through.
6. With right sides together, pin center back seam. Stitch, using a 1/2" seam allowance, making sure to catch elastic ends in seam. Press seam open.
7. Enjoy!

Cutting Layout

Cutting Instructions:

To determine the length of skirt:

1. Measure from your waist to where you want the hem to hit your legs.
 2. Subtract 2 3/4" from the measurement, this is your skirt length.
- * For this skirt, I used 20" (approx. 5/8 yd.) of 44" wide fabric, resulting in a finished skirt length of 18".

Cut:

1. 1 Skirt the width of the fabric by the previously determined skirt length.
2. 1 Bottom band the width of the fabric by 5" long.
